

TRUMAN ANNEX NAVY BASIN & WATERFRONT PROPERTY

DOCK SPACE APPLICATION

*** LAUDERDALE TO KEY WEST RACE PARTICIPANTS**

* This application is intended for participants in the 'Lauderdale to Key West Race' who are unable to make dockage arrangements at other marinas in Key West. Storm Trysail has obtained access to the Truman Annex Navy Basin and Waterfront Property (TWP) for Key West 2017 through a special arrangement with the City of Key West and the Navy. Transient slips are at a premium in Key West and this temporary arrangement provides a viable option for boats.

However, it is not a private marina and there are limitations associated with this facility. It lacks some of the amenities one might be accustomed to at a private marina: there are rules and regulations unique to a Navy and city owned facility (see the waiver on the reverse side); sleeping on boats is NOT permitted, there are no conventional slips; boats will be tied up to the inner seawall only. The TWP staff will determine where boats may tie up. After finishing the race, boats should proceed to the Eastern Seawall (as you enter the basin, the seawall directly in front of you) and moore there until directed otherwise. Rafting is a distinct possibility, depending on available space. There can be some surge due to proximity to the main ship channel and when it blows hard from the Northeast certain sections of the basin experience chop and boats must be prepared with adequate fenders/a fender

The facility is available for Lauderdale - Key West boats from Wednesday, January 11 - Saturday, January 14, 2017.

ADVANCED REGISTRATION IS MANDATORY

The Application Deadline is December 31, 2017. A late fee will apply after that. No applications will be accepted on site.
